Introduction

At N.terior.S, we believe that every space tells a story. Specializing in innovative and elegant interior design solutions, we transform ordinary spaces into extraordinary experiences. Our team blends creativity, functionality, and attention to detail, delivering personalized designs that reflect your unique vision.

Whether it's a cozy home, a dynamic office, or a stylish retail space, N.terior.S is dedicated to crafting interiors that inspire.

Designs for Every Lifestyle

My Story

Having grown up in the vibrant heart of Dubai, I've been immersed in the city's architectural and design evolution for over a decade. Graduating with a Bachelor of Fine Arts in Interior Design in 2014, my passion lies in creating spaces that not only look stunning but also evoke a sense of tranquility and inspiration. I believe that interior design should be a reflection of the individual, capturing their unique personality and lifestyle.

N.terior.S is a blend of my own name and initials, combined with my passion for interior design. It represents not just a business, but a personal journey and love for transforming spaces into something meaningful. With N.terior.S, each project reflects both my dedication to interior design and the unique touch I bring to every space.

With a keen eye for trends and a commitment to quality, I'm dedicated to delivering exceptional design solutions tailored to your specific needs. Whether you're seeking a luxurious private residence or a captivating commercial space, I'll work closely with you to transform your vision into a reality. Let's create designs for every lifestyle.

With love, Niveen Sibai

ABOUT US

Welcome to N.terior.S, where design meets passion and lifestyle. We are a boutique interior design firm dedicated to curating spaces that blend beauty, comfort, and functionality. Whether it's a modern home, a dynamic office, or a cozy retreat, we approach each project with creativity and attention to detail, turning ideas into inspiring spaces.

At N.terior.S, we do more than just design spaces—we create experiences. We believe that great design isn't about trends or what's expected; it's about crafting environments that speak to who you are and how you live. Every project we take on is a blank canvas, and we approach it with fresh eyes, ready to reimagine your space in ways you never thought possible.

We design spaces that work for you. Every element is carefully considered to ensure it serves a purpose, making your space not only beautiful but also practical and efficient. We take the time to understand your lifestyle, preferences, and aspirations, translating them into a design that feels uniquely yours. Every detail, from the color palette to the décor, is tailored to express your individual style and meet your needs.

Trends come and go, but good design stands the test of time. We strive to create interiors that feel current yet timeless, balancing contemporary style with enduring elegance. By choosing quality materials and classic design elements, we ensure your space feels fresh and relevant for years to come.

Design should evoke emotion. From creating a sense of calm in a bedroom to fostering creativity in a workspace, we aim to design environments that not only look beautiful but also make you feel good. Each space we craft is intended to inspire, comfort, and elevate your daily experience.
